Company Profile

TradeMessenger

Zhejiang Tongzhu Technology Co., Ltd founded 2015, in ZHEJIANG designs, manufactures and sells agv, driving wheel assembly, DC/AC motors, encoder, reducer, controller, caster wheel, gear, Pu wheel, motor in wheel units and all over the world.
TZBOT continues to bring excellent products, technological innovation and ease of customizing to the automated equipment.
The factory, is 1000 sq. feet, and employs 50 people. The company is certified to ISO9001:2015.
The core to TZBOT's growth is the constant dedication to the pursuit of full customer satisfaction. They have a strong presence in domestic and international markets, as well as, great production flexibility. TZBOT has come to be recognized as one of the biggest suppliers of electric drive.
Continued investment in the most modern machinery has further increased and developed the quality and flexibility of each product.
Today, TZBOT can quickly design and produce engines and special parts request from customers.
TZBOT's product are used in a myriad of application, including but not limited to: Forklifts, AGV, Aerial Platforms, Airport Machines, Agricultural Machines, Hydraulic Applications, Floor Scrubbers, Sweepers, Wind Energy, Marine, and in the field of Medical Devices.
All prototypes are tested for extended periods of time to verify the quality and the duration will work perfectly before sending production parts to customers. Due diligence is paramount to the satisfaction of our customers.

FAQ

Q: Payment

A: Our payment is T/T, Paypal, West Union, Trade Assurance(Ali pay or E-check), L/C, and D/P.

Q: After-sale service

A: For assured quality all products, we check all products' quantity twice. The first time is end of production, the second time is before packing into cartons. If any negligence or accident about our goods, after received goods within 10 days, please don't worry to contact us at any time. We will reply you in 24 hours and let you choose solutions to meet your satisfactory.

Q: Our advantage

A: Free cameraman special for you: Supply high quality photos for you after ordered. Save tax: We can make C/O, Form E, Form-F and so on. They can help you save 10~30$ custom tax. Reduce freight rate: We compress beds, integration space and talk with express. Just for saving freight rate for customer. Usually, by the way, it can save about 20%~35% shipping cost. And we are trying to improve all the time. We have a professional technical team: We can provide a full range of pre-sale consulting and after-sale technical guidance.

About Our Factory & Business Background

- **Business Type :** Manufacturer/Factory & Trading Company
- **Address :** No. 398 Jiulong Avenue Fuyang District Hangzhou
- **Plant Area :** 3000 square meters
- **Number of Employees :** 30
- **Registered Capital :** 10,000,000 RMB
- **Terms of Payment :** LC, T/T, D/P, PayPal, Western Union, Small-amount payment
- **International Commercial Terms(Incoterms) :** FOB, CIF, CFR
- **Average Lead Time :** Peak Season Lead Time: one month
  Off Season Lead Time: one month
- **Nearest Port :** Shanghai Port, Ningbo Port

Our Production Capability & Technical Expertise

- **Main Products :** AGV, Drive Wheel, AGV Sensor
- **Production Machines :** Assembly Line
- **ODM Service Available :** Yes
- **OEM Service Available :** Yes
- **R&D Engineers :** 7 people
- **Own Brand :** Yes

Our Industry Experience & Global Business Record

- **Year of Establishment :** 2015-09-16
- **Export Year :** 2015-09-16
- **Main Markets :** North America, Europe, Southeast Asia/ Mideast
- **Number of Foreign Trading Staff :** 3
- **Overseas Agent/Branch :** No

Our Certifications, Standards & Industry Recognition

- **Management System Certification :** Others

FAQ

What is the maximum load capacity of this AGV?

The rated load capacity is 600kg, suitable for carrying loads in various scenarios including material transfer and production.

What navigation methods are supported?

Sourcing Lens

TradeMessenger

The AGV supports QR Code and SLAM navigation methods for precise positioning and movement.

Can the product be customized?

Yes, the product can be customized for configuration and function to meet specific user needs and application scenarios.

What safety protections are included?

It features laser anti-collision (360 degrees), mechanical anti-collision (collision bumper), and an emergency stop button.

What is the warranty period and after-sales service?

We provide a 1-year warranty. After-sales service includes online technical support, and we reply within 24 hours to provide solutions.

What are the payment terms?

We accept T/T, PayPal, Western Union, Trade Assurance (Ali pay or E-check), L/C, and D/P.

What is the lead time for production?

The average lead time is one month for both peak season and off-season.

Is OEM/ODM service available?

Yes, OEM and ODM services are available, and we can provide customized designs and special parts.
